Aktuelle Themen der Niederlandistik

15 March 2017 is election day in the Netherlands. An important issue in the campaigns is the Dutch Identity question. Some of the political parties claim that cultural unity in the Netherlands is being threatened, while others embrace the multicultural society. This lecture reflects on the notion of "Dutch identity first" from a contemporary and a historical perspective. Is there such a thing as Dutch identity, and if so, what does it pertain? Which changes and constants can we observe in the debate on this issue?

Der Gastvortrag findet auf **Englisch** statt. Dozierende, Studierende und weitere Interessierte sind zu diesem Gastvortrag herzlich eingeladen.
